Since the last meeting:

FPG was represented at the Oxon Peace Campaign mtg on 10th September. Organising Croughton Rally.

Visit to Greenham Common. Friday 28 September. Five of us enjoyed coffee in the new café in the renovated Control Tower before inspecting the exhibition of information and photos of Greenham Common. We were pleased to see a section on the Women's Peace Camp 1981 -2000. We think there were some inaccuracies, but overall we thought it was a very fair account. We walked over to the silos that once housed nuclear weapons that could have meant the end of the world. Next stop was the Peace Garden at the former Main/Yellow Gate, then off to the West Berkshire Museum for another exhibition on Greenham Common.
